System Requirements

Browser Requirements

The Newdea Application Platform has been tested and certified with the following web browsers. Certified is intended to mean a browser is fully tested and supported by Newdea.

Microsoft ® Internet Explorer ® Web Browsers

Internet Explorer 9.0	Certified
Internet Explorer 8.0	Certified
Internet Explorer 7.0	Certified
Internet Explorer 6.0	Certified

Mozilla® Firefox Web Browsers

Firefox 11.0 *	Certified
Firefox 10.0 *	Certified
Firefox 9.0 *	Certified
Firefox 8.0 *	Certified
Firefox 7.0 *	Certified
Firefox 6.0 *	Certified
Firefox 5.0 *	Certified
Firefox 4.0 *	Certified
Firefox 3.6 *	Certified

***** Custom Report development within Project Center requires Internet Explorer

Note: The Apple® Safari and Google® Chrome web browsers are not yet certified or fully supported by Newdea. If you choose to use a web browser which is not fully supported by Newdea and encounter a problem, please let us know. Reported issues are tracked to ensure they are resolved, provided that full support is added in the future.

Bandwidth Requirements

It is recommended that a minimum of 56 Kbps (kilobits per second) of data transfer bandwidth is available when accessing the Newdea application platform.

Recommended Display Resolution Settings

A minimum desktop resolution of 1024 x 768 pixels is recommended to prevent unnecessary scrolling.

Recommended Pop-up Blocker Settings

It is suggested that if your web browser has a Pop-up Blocker enabled, you configure it to allow pop-ups from the following web site:
